Absence® Oil Control Primer SPF15 – If you have oily skin you will love Absence. This cream to powder controls oil naturally and is the perfect primer for all skin types.

Purematte™ Finish Powder – Powder your nose with style from this sleek elegant compact. Wear translucent powder to help absorb oil and stay shine free.

Amazing Matte™ Loose Finish Powder – For those who love loose powder, our translucent Amazing Matte uses rice powder to absorb oil. Be shine free all day.

Brush –Me Matte® – The amazing Matte loose finish powder you've loved, now comes in a self contained brush applicator. Keeping your flawless finish on the go was never so easy.

D2O™ Hydrating Spray – On the first spritz, you'll fall in love with the heavenly ylang ylang fragrance and the way it makes your skin feel. Use it to set the minerals and conceal pores and fine lines.

Balance Antioxidant Hydration Spray – A real friend if you have oily skin. With Tea Tree Extract, which is shown to have a measurable effect on breakouts.. Use to set the minerals and enjoy its citrus fragrance at the same time.

Pommist™ Hydration Spray – Contains pomegranate extract, a powerful antioxidant and UV protector. Its fresh clean fragrance will soothe and uplift you with every spritz, too.

Brushes

A quality brush for the precise application of makeup. These brushes have been designed to be as effective and as gentle on the skin as possible. They contain only the best materials available. The natural hair brushes are hand-tied, so only the softest part of the hair touches your skin.

Eyes

Lid Primer – A light thin coating controls oil and ensures shadows won't smear. Wear these primers as a highlight, too, no matter your skin type.

Purepressed® Eye Shadows – These highly pigmented powders are everything that shadows should be – fashion colours in matte or shimmer that enhance and brighten the eye. All have been sensitivity tested.

Purelash™ Mascara and Purelash™ lengthening mascara – Mild and conditioning formulas with no lacquers shellac or petroleum based products. Water resistant, with algae extracts which condition and protect lashes to reduce splitting and breakage. Lengthening mascara has wheat protein to curl lashes and triple-length natural cellulose fibres to lengthen and thicken

Lips

Puremoist™ Lipcolours SPF18 – You'll love the way your lips feel. The state of the art liposome formula packs in moisture, colour and staying power- and gives a broad spectrum SPF18 using edible zinc oxide. No FD&C dyes or synthetic preservatives.

Sugar & Butter Lip Exfoliator and Plumper – Soft beautiful and oh so kissable lips are yours with the lip exfoliator/plumper duo. Organic brown sugar gently removes dull, dry skin- then eat the sugar crystals right off your lips! Next apply the tinted lip plumper with shea butter and peptides that moisten and plump.

Anywhere

Purepressed® Blush – A little goes a long way! Try them on your eyes and lips or wherever you would use a bronzer.

Moonglow & Sunbeam – Four beautiful shimmering shades. Use the golden-bronze tones in Moonglow and the pink copper shades in Sunbeam on eyes, lips and cheeks or as an all-over highlighter.

24-Karat Gold Dust – Apply to cheeks, eyes and lips. But don't stop there- mix it with a moisturiser for the décolleté or into a gel to work into your hair.

Four In One – The micronized mineral bases are four products in one: **Foundation, Powder, Concealer** and **Sunscreen**, and will disguise almost any skin discoloration.

Broad Spectrum Sun Protection – Titanium dioxide and zinc oxide, physical sunscreen ingredient, give instant UVB and UVA protection.

Fast, Weightless Coverage – By using pure pigment with no fillers such as talc, one quick application provides unsurpassed coverage that needs minimal touch-ups.

Non- Comedogenic and Oil Free – The minerals lay a protective filter on the skin which allows it to breathe and function normally. All the products have passed comedogenicity tests.

Minimum Allergy Risks – All products have been laboratory tested for sensitivities – none recorded.

Inert – Because minerals are inert there is very little risk of cross contamination.

Quality – By using state of the art ingredients to ensure the finest performance in coverage, application and texture. Our vitamins and antioxidants are pharmaceutical grade and certified organic where available.

Products are not tested on animals
